The Advanced School for International Studies will be glad to set up a special course for CIA personnel during the month of July. [REDACTED] will send a prospective list of faculty members as soon as the list is available for inspection by I. & S.O.

If the program is set up for two weeks full time, the cost to us will be between \$7,000. and \$8,000. If the program is set up for four weeks half time, the cost to us will be between \$8,000. and \$10,000. A maximum of twenty-five students can be accommodated. There is no minimum from [REDACTED] point of view. Classes will be held at the School's buildings.

If we wish to introduce students into their summer course for regular students, lasting eight weeks, the full tuition charge will be \$150.00 per student and the charges will be pro-rated for part time students.

*To start 1 July*
